4. To know indications and results on Fibroid and Prostate Embolization
5. To participate in live cases

Course Modality:

Live cases

Lectures

Workshops with materials

Case presentation

Program

- **Day 1: HCC**

- 9:00 9:10Welcome. *Dr. Oscar Peralta*
- 9:10-9:25Epidemiology, diagnosis and prognosis; current treatment options. ***Dr. Rodriguez***
- 9:25-9:40Staging by imaging techniques and evaluation of the treatment response. **Dr. *Spina***
- 9:40-9:55 Rationality and indication of chemoembolization ***Dr. Quadrelli***
- 10-11 AM **Live Case** Tandem-TACE in OR ***Dr. Peralta***
- 11:05-11:20 DEB-TACE: Background, technique and results ***Dr. Rodriguez***
- 11:20-11:30 AM Doxo-Tandem: material handling and preparation. ***Dr. Shinzato***
  Together with Boston Scientific staff

- 11:30-11:45 Arterial hepatic anatomy: a must for proper TACE ***Dr. Quadrelli***
- 11:45-12:00 Post embolization syndrome management ***Dra.V Di Caro***

- 12:00-13:30 lunch

- 13:30- 13:45 Workshop I: materials
- 13:45-13:55 **Live Case** Presentation ***Dr. Quadrelli***
- 14:00-15:00 Live Case Tandem-TACE in OR
- 15:00-15:15 Break
- 15:15-16:30 Workshop II: Case presentation ***Dr. Quadrelli / Dr.Peralta***
- 16:30-17:00 Q & A; adjourn

- **Day 2: Liver metastasis& Genital Embolization**

- 8:30 8:45Uterine & Prostate arterial anatomy ***Dr. Peralta***
- 8:45 9:00Prostate Arterial Embolization ***Dr. Peralta***
- 9:00 10:30**Live Case**: **PAE**in OR. ***Dr. Peralta***
- 10:00 10:15 UterineFibroid Embolization ***Dr. Rodríguez***
- 11:00-12:00 **Live Case**: **UFE** in OR. ***Dr. Peralta***
- 12:00-12:15Q &A: adjourn
- 12:15-13:30 lunch

- 13:30 13:45 Irinotecan-Tandem: material handling and preparation. ***Dr. Peralta Together with Boston Scientific staff***
- 13:45-14:00Liver metastases and DEB-TACE:Background, techniques and results ***Dr.Rodriguez***
- 14:00-15:00 Live Case: Liver metsTACE DEBIRI ***Dr. Peralta***
- 15: 15 30 Show of cases in box.
- 15:05-15:20 Q &A: adjourn
